Strategic Alliance Initiative

Gabriela Apiou, PhD, Brad Bernstein, MD, PhD

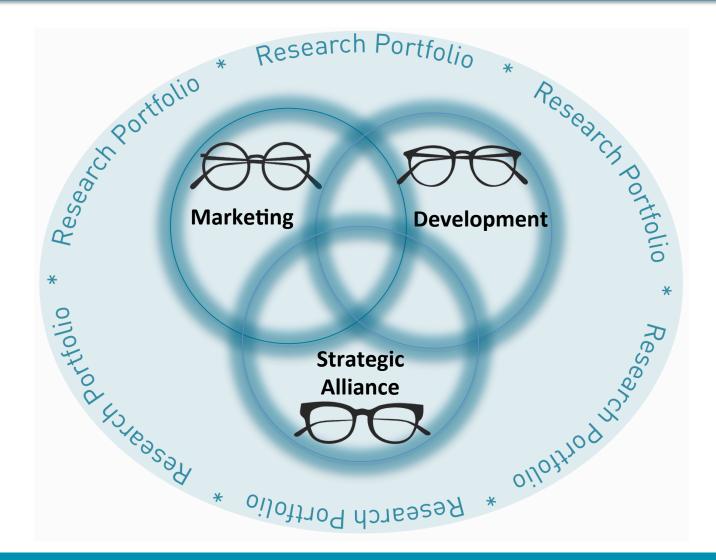

MGH Research Council February 1st, 2016

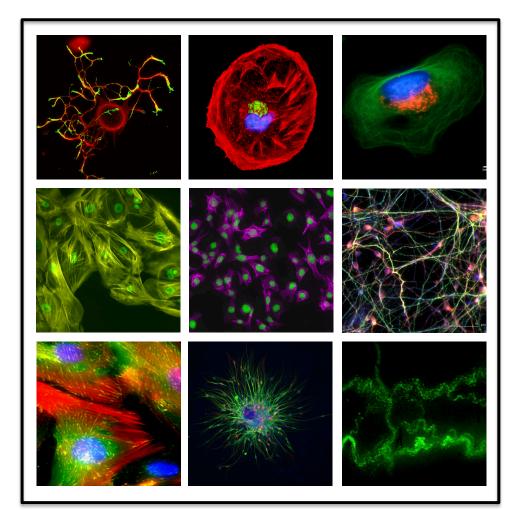

Research Institute

Promote Our Science

Portfolio <u>Definition</u>

A collection of creative works that can be shown to potential customers (general public, philanthropy, industry)

A living document !

Portfolio <u>Content</u>

One paragraph pitch

 Containing the essence of the clinical and/ or scientific problem in colve

One page outline

- Non-confidential
- Stating the problem and the need solution
- Describes the key specific aims (1 to 3) and their significance
- Includes one figure

From Each Lab at MGH !

25 Nashua Street, Boston,

Strategic Alliance Research Portfolio

MASSACHUSE TIS GENERAL HUSPIT

Portfolio Development: Goal

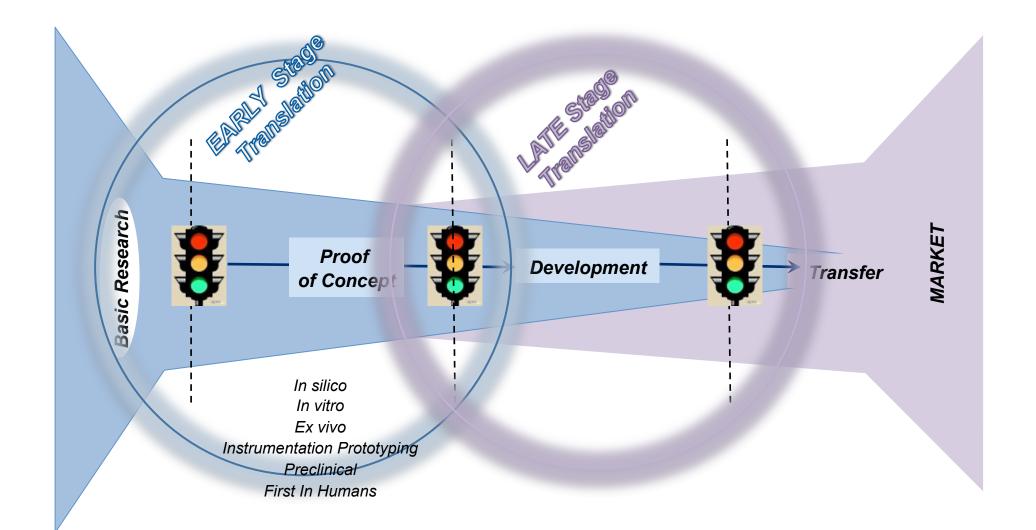

- Build common understanding of the ongoing research at MGH
 - Comprehensive scientific foundation
- Give our investigators visibility
 - Internal:

MGH leadership MGH Development Office Partners HealthCare Innovation Each other

• External:

Commercial partners Academic research institutions Philanthropic sources Foundations General public

Portfolio Development: <u>Concept</u>

Strategic Alliance: Mission

Help scientists at Mass General to engage in more productive collaborations with industry at ALL stages of their work

Strategic Alliance: Implementation Plan

Portfolio Development

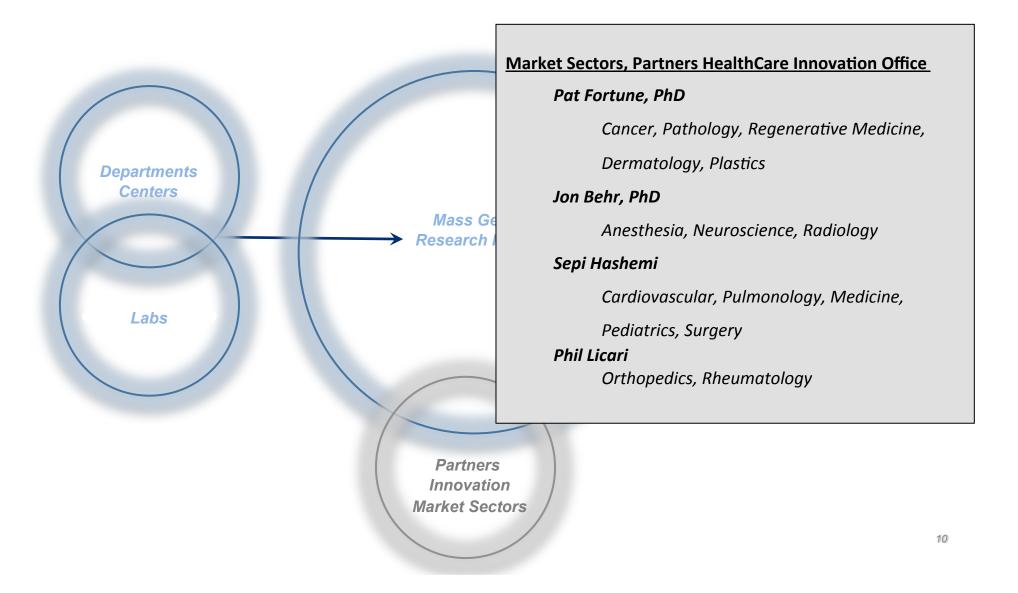

Training Pr

Grants P

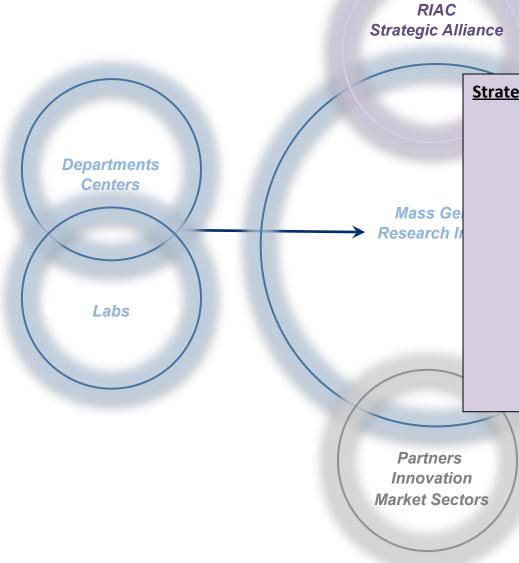

Enable programmatic efforts across departments and centers

- Establish a sound basis to:
 - Define well informed strategies and tactics for translational push
 - Assess potential collaborations with industry

Portfolio Development: Process

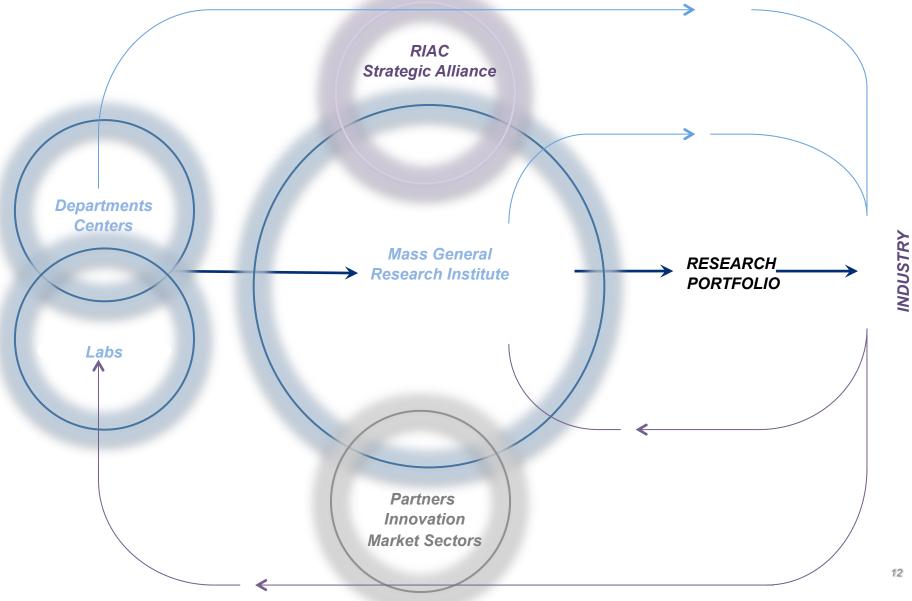

Portfolio Development: Process

Planning for Translation: The TEAM Approach

Research Plan:

MGH Investigators, MGH Research Institute, Partners HealthCare Innovation, RIAC-SA

Business Plan:

MGH Investigators, MGH Research Institute, Partners HealthCare Innovation, RIAC-SA

Translation Plan:

MGH Investigators, MGH Research Institute, Partners HealthCare Innovation, RIAC-SA

Portfolio Development: <u>Status</u>

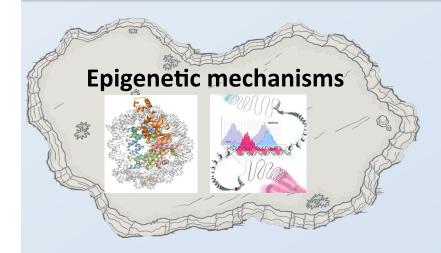

Since Oct 2015

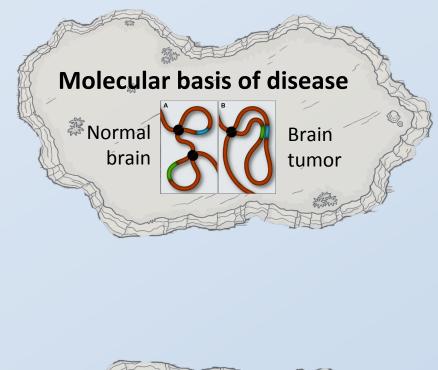

- 21 Departments and 7 Research Centers provided 71 "themes"
 - Aiming to solve major clinical and/or scientific problems
 - And this is only the beginning...
- The Research Institute is working with the investigative groups
- Research themes are being reviewed by RIAC Strategic Alliance
 Committee
- The launch:

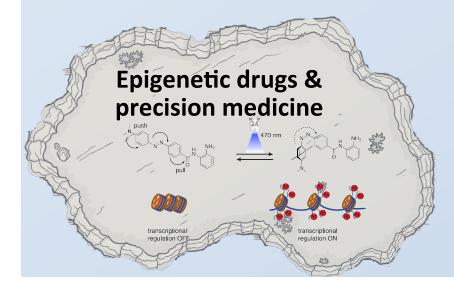

Epigenetics & Cancer Immunotherapy Programs reviewed Dec 10, 2015

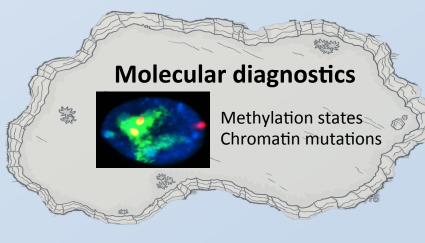

- **o** 9 themes and 27 investigators
- 4 departments and 3 research centers

Epigenetics: Barriers & Grand Opportunities

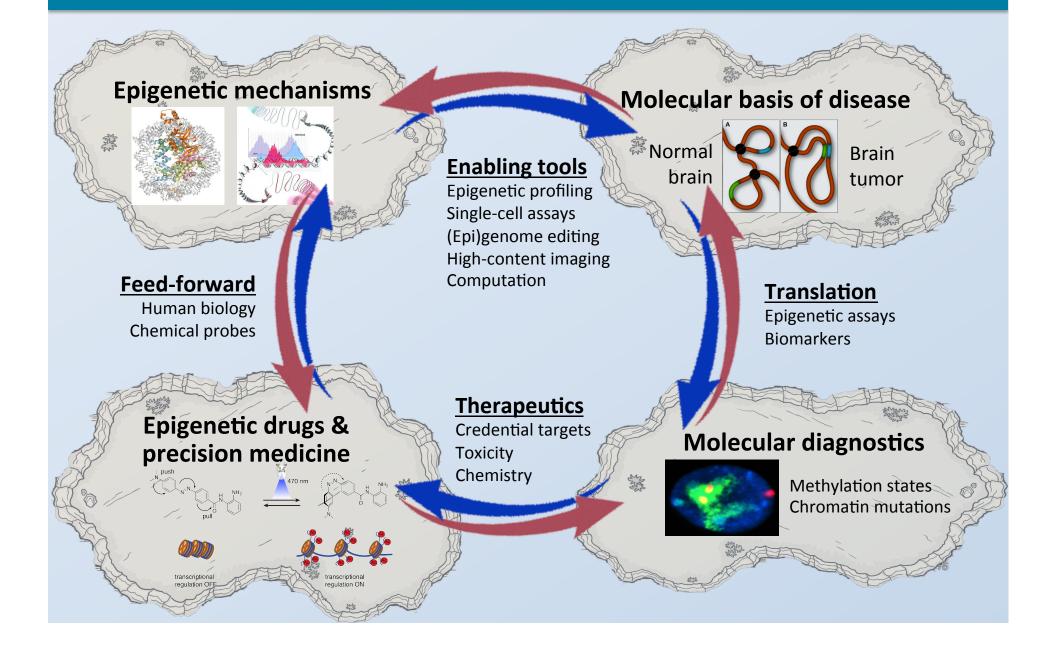

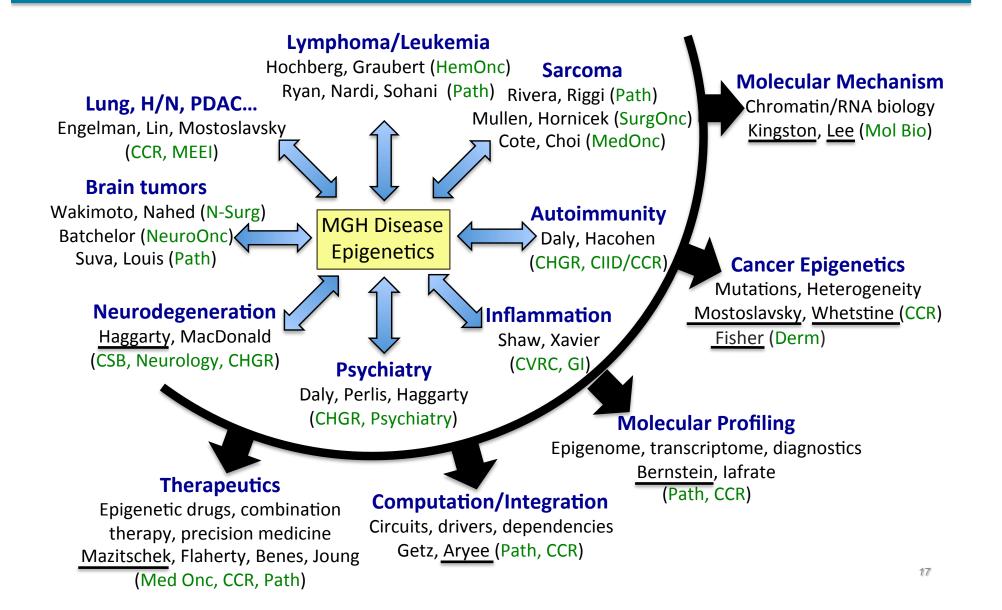

Epigenetics Alliance: Bridging Islands

Epigenetics Alliance @MGHRI

Summary & Next Steps 2016

Help our scientists to engage in more productive collaborations with industry at <u>ALL</u> stages of their work

- Continue to build
- Develop and revie Alliance Commit
